\$200.000 CLEVELAND, BULA RAILROAD SEVEN PER CENT MORTGAGE BONDS.—Sealed Proposals will be received at the office of the Company's Agente, Messrs. WINSLOW, LANIER CO., No. 52 Wall-st., New York, until TUESDAY, the 16th day of December next, at 3 o'clock P.M., for the parchase of the Company's Bonds to an amount not exceeding

The Bonds are in sums of \$1,000 each, payable the lat of February, 1861, with interest at 7 per cent., semi-annually, on the first days of February and August, in the City of New-York, where the principal sum is also payable, and are secured by a first and only mortgage or dead of trust to

holders.

The bonds are issued by authority of acts of the Legislature of Ohio, giving special power to make the bonds and to secure them by a mortgage on the Road, its franchises and equipments, and to sell the same, if need be, below par, making such sale as valid as if sold at par.

The mortgage covers an issue of \$700,000, of which \$100,000 have been sold, the remaining \$600,000 (excepting the

\$200,000 now offered) will not be offered for sale until the spring and summer of next year. This debt is made to pay for the iren rails and equipments. The mortgage covers the entire line of road from land east to the Pennsylvania State line, in the direction of Erie, a distance of seventy-one miles, known as the Lake Shore Read, thirty miles of which, from Cleveland to

Shore Read, thirty miles of which, from Cleveland to Painesville, is completed and now in operation. The residue of the Road to the Pennsylvania State line will be completed by the 1st July, 1852.

This company now has the control of the railroad now constructing from the Ohio and Pennsylvania State Line to Eric, a distance of twenty-five and a half miles, making it in fact a continuation of the same road, under one management. This part of the line will be completed about the

1st July, 1852. The residue of the Lake Shore Road, lying between Erie and Dunkirk, and Buffalo, will be completed by the 15th of December next, thus giving a continuous line of railway from the City of New-York to Cincinnati by the lat of July

The estimated cost of the Cleveland, Painesvile and Ashtabula road, in working order, including equipments suffi-cient for the entire line to Erie, is \$1,351,913. Near \$700,008 of Stock has been already subscribed, and over \$500,000 has been expended on the road. The subscription list is daily being increased. To provide the remaining means to complete the road, this loan is resorted to.

The mortgage empowers the trustee, in case of failure, to

pay either interest or principal, to take possession of the road and sell it to the highest bidder, its franchises and equipments, on due notice, and apply the proceeds in pay-That this road will prove one of great usefulness and

profit, will at once be seen by reference to a map of its line and connections, being an important link in the great chain of Railways from the City of New-York to Cincinnati, and the Southwest, and also Chicago and Galena, in the northwest, connecting on the east with the New-York and Eric, and Buffalo and Albany roads. A railway is also about to be constructed from Erie, by

way of Sunbury, to Philadelphia The amount of business done by roads connecting with it east and west is so generally known, that further men-tion need not be made of it here.

Proposals may be addressed to Winslow, Lanier & Co., No. 52 Wall-st., indersed "Proposals for Cleveland, Painesville and Ashtabula Radroad Bonds." The sale will be absolute and without reserve. 25 per

cent, will be required to be paid when bids are accepted, the residue in municily payments of 25 per cent, each. Accrued interest on the bonds must be paid by the pur-Accrued inferest on the bonds must be paid by the purchaser. No bill for less than \$1,000 will be received.

All necessary information in relation to the road or the bonds, tegether with a map of the road and its connections, may be had on application to Messers. WINSLOW, LANIER & CO., at their office, or to the undersigned, at he Irving House, in this city.

The laws under which these Bonds are created, require
the proper authorities to make a SPECIAL LEVY of
TAXES to be SET APARTexclusively for the purpose of
meeting the accruing interest, and gradually to reimburge
the principal, which can be enforced through the Courts of
Law, should it become necessary

Law, should it become necessary.

These debts operate, in the nature of a mortgage, on the real and personnal estates within the respective City and County limits.

The New Constitution adopted by the people of Ohio probabilistal-adopted to the creation of any funded desit by Counties, within its boundaries. This will prevent a further issue of securities of this sort.
